DETAILED ACTION

1. The response filed March 31, 2003 has been received, entered and carefully considered. The amendment affects the instant application accordingly:
2. Claims 1-35 are pending in the case. Claims 1-7, 10-13 and 17-35 are withdrawn from consideration for being directed to non-elected subject matter.

Restriction - Election

3. Applicant's election of Group II, Claims 8, 9 and 14-16 in Paper No. 7 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claim Objections

4. Claims 8, 9 and 14 are objected to because of the following informalities: Claims 8, 9 and 14 are objected to as each claim improperly depends from a claim drawn to non-elected subject matter. Applicant is required to cancel the claims, or amend the claims to place the claims in proper dependent form, or rewrite the claims in independent form. These claims, which depend from claims withdrawn from further consideration, have not been further treated on the merits. Appropriate correction is required.

Information Disclosure Statement

5. Some of the references cited on the information disclosure statement filed June 18, 2001 were not available to the Examiner for review at the time this Office Action was processed.

Allowable Subject Matter

6. Claims 15 and 16 are allowed.

Art Unit: 1623

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or fairly suggest a starch product extracted from grain having at least four doses of mutant and two doses of wild type, such that the genotype has wild type on each side and the prior art also does not teach or fairly suggest a starch product extracted from grain having at least three doses of mutant and three doses of wild type, such that the genotype has mutation on each side.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
